She said the neighbor had been cited fourteen (14) times by the deputies and she was pleading for the board to do something to help. ## **Commissioner Reports**

Commissioner Howell stated the board had recently made changes to the employee health insurance coverage with Blue Cross Blue Shield with an approximate ten percent (10%) increase in premiums. He said the increase would have been twenty-two percent (22%) before the changes based on the losses incurred by the company last year. He said the broker had said that some companies will entice their Medicare-eligible employees with incentives to make Medicare their primary coverage with the incentive going toward a Medicare supplement plan. He then made a motion to pay seventy-five percent (75%) of the county portion of the health insurance premium to those employees who were eligible for Medicare and chose to enroll in a Medicare supplement instead of the county sponsored health insurance. Commissioner Niblett stated that this would be optional for the eligible employees and he seconded the motion. Commissioner Watkins said that it was the choice of the employee and Commissioner Cheek said that she had looked into the supplemental plans and the medical was good but there were some drawbacks to the drug plans. All voted in favor of the motion and it passed.

### **Public Comments**

John Battle questioned the board about the contract for the courthouse grounds. The county manager said there was no contract and was paid per cutting on an as needed basis. He also said it was paid with general funds as a budget item.

Cindy Eckles of the Dodge County News questioned the board about whether or not Dodge County was involved in the opioid law suit. Chairman McCranie said that the county had been approached by several law firms but had determined the benefit to the county was questionable. He said it was a class action suit with the attorneys getting the majority and the board was still considering it. Commissioner Cheek commented that she did not think it was worth doing it and the county may not get enough to buy Narcan. Commissioner Watkins said the board had been approached by more than one attorney but he felt the benefit to the county was questionable.

### **Adjourn**

Commissioner Howell made a motion to adjourn the meeting. Commissioner Watkins made the second and all voted in favor of adjournment.
