

Original text before revision:

Sec. 18-55. Private driveways.

- (a) Any private driveway that adjoins a county roadway shall have a culvert so as not to disturb the flow of water or cause erosion to the roadbed.
- (b) The pipe size will be determined by the county road superintendent, or their designee based on the dimensions of the drainage ditch, watershed volume, and the width and angle of the driveway.
- (c) The county is not responsible for the expense of the culvert.

(Ord. of 4-19-2020(3), § 4)

REVISION detailed below. Voted in effect November 06, 2023.

Sec. 18-55. Private driveways.

- (a) No landowner shall connect a private driveway, drive, road or other private way which connects two or more residences or multiple parcels of land (hereinafter in this section collectively "private driveway") to a county roadway without first obtaining the written permission of the board of commissioners or their designee.
- (b) Any private driveway that adjoins a county roadway shall meet the minimum conditions provided for under section 18-51 to the extent the board of commissioners or their designee determines such conditions are applicable.
- (c) Any private driveway that adjoins a county roadway shall have a culvert so as not to disturb the flow of water or cause erosion to the roadbed.
- (d) The pipe size will be determined by the county road superintendent, or their designee based on the dimensions of the drainage ditch, watershed volume, and the width and angle of the driveway.
- (e) The county is not responsible for the expense of the culvert.
- (f) The county is not responsible for maintaining a private driveway.
- (g) The county shall not be obligated to permit a private driveway to adjoin or connect to a county roadway unless the board of commissioners or their designee determines the private driveway shall not adversely impact the county roadway.

(Ord. of 4-19-2020(3), § 4)
